About DP&C® SmartFleet

DPC®SmartFleet is a comprehensive transportation, logistics, and distribution management application

- Designed to increase efficiency of fleet management.
 - Enhance the visibility of asset management, manage critical payroll and accounting.
 - Ability to seamlessly integrate GPS sources and all EDI.
 - Customizable and scalable.
 - Enhance profit, performance, customer service and fleet optimization.

The screenshot displays two main windows of the DP&C Smart Fleet application.

Alpha Mail Carrier Window:

- Top Bar:** Administration | Maintenance | Operation | Reports | Help | Ver 8.1/01/13
- Left Sidebar:** Percentage, Data, FusionWidgets Trial, DAILY, WEEKLY, MONTHLY, CUSTOMIZE.
- Content Area:** Title: FusionCharts Evaluation - An InfoSoft Global Creation. A 3D stacked bar chart showing vehicle status over time (17/FEB to 22/FEB). Legend: DELIVERED (blue), OPEN (orange), IN TRANSIT (green), OVERLAPPED (yellow).

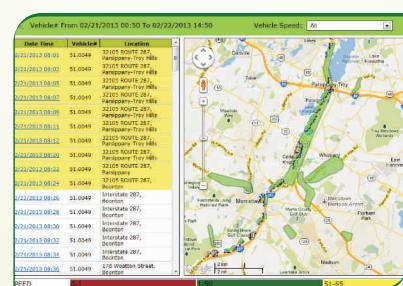

Vehicle Day Summary Window:

- Top Bar:** Organization, ADMIN, ADMIN, various icons.
- Left Sidebar:** Customize, Default, Vehicle Day Summary : 02/21/2013, Travel Time, Idle Time.
- Content Area:** A grid showing vehicle activity for three vehicles (058, 943, 977) across 24-hour intervals. The grid includes columns for 2hr, 4hr, 6hr, 8hr, 10hr, 12hr, 14hr, 16hr, 18hr, 20hr, 22hr, and 24hr.

DP&C® SmartFleet Capabilities

The DPC®SmartFleet system can provide a broad array of management tools including:

- Easy data representation and analysis -Dashboard.
 - Static Trip and Stop generation.
 - Sales Order API.
 - Order Management workbench.
 - Trip and schedule management and resource assignment using Advance work center.
 - Auto trip releasing, scheduling, Check in/out, Termination.
 - Route optimization based on stop points.
 - Vehicle tracking and optimization capability.
 - Geofence and Dynamic fence management.
 - GPS device integration.
 - Powerful Report generation and report scheduling.
 - Real time fleet activities and route selection on Google map.
 - Integration between customer service, operations and administrative functions.

DP&C® SmartFleet Business Advantages

DP&C® SmartFleet quantitative and qualitative benefits include: reduced operating expense, enhanced customer service and a scalable system to meet competitive challenges and budget.

- Reduction in Transportation Expense.
- Reduction in Administrative Expense.
- Reduction in Lease, Capital or Purchased Services.
- Provide visibility and reporting of assets and services used.
- Reduction in Risk Management Expenses.
- Strategic Redeployment using automated processes.
- Real-time measure of operations.
- Mitigation of redundant Processes.
- Provides real time, accurate, decisive information.
